OIS

Simple, powerful interface to send operational messages to screens in correct branding:

- Headline & body text
- Image & body text
- Reverse colour scheme for disruption notices

All templates available with priorities:

- Emergency
- High
- Medium
- Low

Built-in spellcheck & customisable language filter / banned words list

Disruption information

Delays between Luton and Bedford

There has been a landslip close to the railway at Harlington. This is between Luton and Bedford and is disrupting our trains on the Sheffield/Nottingham/London routes.

Network Rail have been working to secure the landslip, and the works are expected to continue for the rest of the week. One of the four lines is closed to maintain safety. To keep trains running, our trains will go on a slower line to avoid the problem.

For further information, tap your phone on the side of the screen
(Phone users will need an NFC app)

Coronavirus Travel Information

Due to the worsening spread of coronavirus, the government is urging everyone to stay at home as much as possible. You should only travel if your journey is essential and compliant with the UK Government's advice. We will continue to run trains for those who need us within the communities we serve.

Since the start of the Coronavirus pandemic, the safety of our customers and our colleagues has been our biggest priority and we are doing
